About Dave's Compact Calendar

About Compact I use this calendar template for project estimating. It's compact,

Using the Compact I usually just circle the starting dates of a task, then run a line out to

Printing Partial For small projects, I don't usually need the entire calendar, so I just

Change the Year If you need to change the year, just update the YEAR cell in the

Adding Holidays The 'Tables' worksheet tab has a **list of holidays** that you can

Enjoy! Click on the CALENDAR worksheet tab below to see the calendar

Credits Auto-calculation of first day based on year cell provided by Todd

Automatic month calculation tip from Jim Service and "Jenny"
